Booklet			
<p>Local History and a photographic record of the remarkable Bell restoration project at our church. This small village raised over £130,000 led by a group of dedicated people and the five old bells were removed, renovated, a new bell cast so that six were reinstalled on a new frame to be rung by a new band of villagers. Pictures of the old medieval frame and bells as they were when we found them and the works to achieve the new frame and bells including the foundry casting are recorded in this booklet. These funds go to the bells upkeep.</p>			
The Lt Cornard Church Bells Restoration Story.		£10.00 per copy
